caraval meets practical magic in this darkly thrilling tarot fantasy tarot comes alive in this cleverly conceived thriller that delivers action humor and mystery in spades the bulletin at an exclusive soho party one rainy night cat stumbles into an ancient and dangerous game of fortune a mysterious quartet of game masters deal out challenges moves that unfold in the arcanum a dream scape version of our world success can earn players fame fortune inspiration failure can be deadly at first cat is skeptical but undeniably curious and when a journey into the arcanum reveals a shocking glimpse of her family's past cat begins to understand what drives people to play sometimes it's greed or longing other times desperation she must know more right now the game masters hold all the cards but cat finds others like herself on the fringes of the game and together an unlikely group of chancers hope to change the rules in their favor in the game of triumphs the risks are high but the rewards may just be worth dying for

this two volume book gives as comprehensive a history as can be achieved at the present time of a family of card games that originated in the first quarter of the xv century and is therefore one of the very oldest still practiced it is the family of games played with the tarot pack contrary to popular belief the tarot pack was not invented for fortune telling or any other occult purpose that was an accretion dating from the late xviii century it was invented to play a new kind of card game its great contribution was to introduce the idea of trumps into card play the games spread to france and switzerland in the early xvi century and subsequently over almost the whole of europe in doing so it developed a great multiplicity of different forms the family is far more diverse than any other while retaining a constant central core this book will gather material that is widely scattered and very hard to come by a good deal of it not otherwise accessible in print at all it will therefore be an indispensable reference work for all who are interested in the history of this game or any particular branch of it it will also give examples more instructive than could be given fr

from security training simulations to war games to role playing games to sports games to gambling playing video games has become a social phenomena and the increasing number of players that cross gender culture and age is on a dramatic upward trajectory playing video games motives responses and consequences integrates communication psychology and technology to examine the psychological and mediated aspects of playing video games it is the first volume to delve deeply into these aspects of computer game play it fits squarely into the media psychology arm of entertainment studies the next big wave in media studies the book targets one of the most popular and pervasive media in modern times and it will serve to define the area of study and provide a theoretical spine for future research this unique and timely volume will appeal to scholars researchers and graduate students in media studies and
