it is a known fact that every language has one or more terms that are used to refer to god and sometimes to lesser deities at the same time this is not the case with allah allah is the personal name of the one true god nothing else can be called allah the term has no plural or gender this shows its uniqueness when compared with the word god which can be made plural as in gods or made feminine as in goddess it is interesting to note that alah is the personal name of god in aramaic the language of jesus and a sister language of arabic the one true god is a reflection of the unique concept that islam associates with allah to a muslim allah is the almighty creator and sustainer of the universe who is similar to nothing and nothing is comparable to him the prophet muhammad was asked by his contemporaries about allah the answer came directly from allah himself in the form of a short chapter of the quran which is considered to be the essence of the unity or the motto of monotheism this is chapter 112 which reads in the name of allah the merciful the compassionate say o muhammad he is allah the one god the self sufficient who has not begotten nor has been begotten and equal to him is not anyone some non muslims allege that god in islam is a stern and cruel god who demands to be obeyed fully and is consequently not loving and kind nothing could be farther from the truth than this allegation it is enough to know that with the exception of one each of the 114 chapters of the quran begins with the verse in the name of god the merciful the compassionate in one of the sayings of prophet muhammad may the mercy and blessings of god be upon him we are told that god is more loving and kind than a mother to her dear child on the other hand god is also just hence evildoers and sinners must have their share of punishment and the virtuous must have god s bounties and favors

is allah the god of the bible in any of the one hundred and fifty sects and sub sects of islam the common denominator is allah who is this allah much has been written on the religion of islam and its prophet but not much is said about the god of the religion one reason is the assumption that the god of islam and the god of christianity are one and the same when on september 11 2001 some muslims carried out a well organized attack destroying the the world trade center and damaging the pentagon a letter of last instruction from the leaders of the terrorist network was discovered written in arabic it says their mission was a service to god actually this was a mistranslation the word the terrorists used is not the arabic word for god but allah the arabic word for god is ilah so they believed they were working for allah not god who is this allah were these terrorists extremists or were they serving the allah of the qur an the war against terrorism goes beyond overthrowing the taliban regime in afghanistan or even killing osama bin laden the war on terror may not be won unless we understand the allah the terrorists say inspires them not all muslims are terrorists but the terrorists letter which is quoted fully in chapter three gives great insight into the islamic religion and the motivation for

religious terrorism in the world why have we shied away from probing the identity of the allah of islam possibly it is because if allah is not the god of the bible it would force us to face many ugly facts for example if allah is the true god and the qur an islam s sacred book is true then christians can be sure they are lost no matter how zealous they may be the reverse would also be true it is necessary therefore to provide sufficient information to enable you to determine your own verdict and answer the question who is this allah this book will do that

my explanations are only an attempt to present this holy miracle book this interpretation trial to extract the exact deep meaning of these texts verses ayah and surah of this final testament quran this attempt is for every one searching for the truth in this world in a mannerly civilized dialogue while respecting each others beliefs and looking for the real second birth for each one of us since no one has gotten the chance to read about all other faiths this miracle book will bring to you all this information which will lead us to find the one religion allah sw wanted the quran to be a miracle and proof it was sent as a challenge for the non believers and if you want to challenge someone to prove superiority you must challenge them in something they excel at you cannot challenge a weak or disabled person in weightlifting which would prove nothing you have to challenge a weightlifter so when the quran came and challenged the arabs in their own language and prevailed it did not mean that the arabs at that time were weak in language arts to the contrary it is a testimony that they excelled in their language and mastered it at a high shakespearean level so when the quran prevailed over them linguistically it became a real triumph the purpose of the revelation of the quran was not to reveal scientific explorations or to explain the secrets of creation these matters remain hidden in its verses and are revealed in their proper time it is when the scientific minds are active in the search and study of such areas that allah sw makes these verses shine with their true meaning this makes each scientific revelation in the quran more appropriate for its time and more impactful as it is delivered when the scientific minds are ready for it the prophet left the explanations of the quran which are not related to matters of duties and religious law to be revealed by time this real story with two separate events first one starts with a rich man who owned a vast estate but had no heir to inherit this wealth his nephew filled with greed conspired against and killed him when night fell he threw the body at the doorstep of another village in order to frame them for his uncle s murder the next morning as people saw the body they naturally accused the village of his murder and despite their denial the relatives of the victim insisted on blaming them after the matters escalated and the two villages clashed they decided to resort to prophet mooses so that he may ask allah sw to resolve the issue and identify the murderer the second event allah sw was helping a pious man on his straight path this man from among st the children of israel kept allah sw

in mind in all his business and social dealings as death approached him all he had was a baby cow and his only heir at the time was his little boy he was unsure about whom he should entrust his small fortune to who would be best to take care of the calf until his son is able to take care of it for himself and his mother he pondered long then turned to the heavens and supplicated lord i entrust this cow to you protect it for my son until he grows older then he said to his wife i have entrusted the cow to allah sw i didn't find anyone more trustworthy than him she asked so where is it now he replied i left it to roam free in the fields shortly after he died when the son grew older his mother told him the story he asked where can i find that cow after all these years his mother replied your father entrusted the cow to the lord rely on him and search for it the young man supplicated lord of abraham return to me what my father had entrusted to you and then set out searching for it he found the cow exactly as his mother described it to him this cow was also the only one that perfectly fit allah's description to the quarreling villagers thus when they found they set out to purchase it at any price the young man agreed to sell it in exchange for its weight in gold when the villagers slaughtered this cow and struck the dead victim with it he was resurrected to declare the name of his killer thus the name of this chapter the cow affirms the central issue of resurrection in all faiths leading to the one religion creed in addition the story also teaches us that parents righteousness plays a great role in the protection of their children through the good deeds of the parents allah sw facilitates the affairs of the children and protects them from harm when the righteous man entrusted all he had to allah sw allah sw blessed protected and nurtured it so that his son may find great treasure when he grew older being upright and righteous is the best insurance one can give his or her children as it instills allah's blessing and protection into every aspect of the child's life

dr wesley muhammad successfully debates fellow islamic scholars about the concept of allah in the person of master fard muhammad the foundation of the islamic teachings in the nation of islam this book is the appendix of another book titled take another look the quran the sunnah and the islam of the honorable elijah muhammad 80 pages paperback edition

who is allah swt god the creator of earth and heaven in islam bilingual edition english germany hardcover version it is a known fact that every language has one or more terms that are used to refer to god and sometimes to lesser deities at the same time this is not the case with allah swt allah is the personal name of the one true god nothing else can be called

allah the term has no plural or gender this shows its uniqueness when compared with the word god which can be made plural as in gods or made feminine as in goddess it is interesting to note that allah is the personal name of god in aramaic the language of jesus and a sister language of arabic the one true god is a reflection of the unique concept that islam associates with allah swt to a muslim allah swt is the almighty creator and sustainer of the universe who is similar to nothing and nothing is comparable to him the prophet muhammad saw was asked by his contemporaries about allah swt the answer came directly from allah swt himself in the form of a short chapter of the noble quran which is considered to be the essence of the unity or the motto of pure monotheism this is chapter 112 which reads in the name of allah the merciful the compassionate say o muhammad he is allah the one god the self sufficient who has not begotten nor has been begotten and equal to him is not anyone the noble quran

there is no deity but allah reads the islamic declaration of witness or shahada muslims hold that he created the world in six days and sent prophets including noah abraham mooses david jesus and finally muhammad who urged people to worship only him and shun idolatry and polytheism islam which literally translates as submission was not always the name of the faith that muhammad created instead it was referring to the original religion of all humankind including the world itself which like us was made to serve allah all earlier prophets and their followers were muslims submitters to allah despite the fact that muslims sometimes confuse the definitions of the terms islam and muslim several prophets were given texts by allah including the torah of mooses the psalms of david and the gospel of jesus yet their writings and messages were lost or tainted

some of the biggest misconceptions that many non muslims have about islam have to do with the word allah for various reasons many people have come to believe that muslims worship a different god than christians and jews this is totally false since allah is simply the arabic word for god and there is only one god let there be no doubt muslims worship the god of adam noah abraham mooses david and jesus peace be upon them all however it is certainly true that jews christians and muslims all have different concepts of almighty god for example muslims like jews reject the christian beliefs of the trinity and the divine incarnation this however does not mean that each of these three religions worships a different god because as we have already said there is only one true god judaism christianity and islam all claim to be abrahamic faiths and all of them are also classified as monotheistic however islam teaches that other religions have in one way or another distorted and nullified a pure and proper belief in almighty god by neglecting his true teachings and mixing them with man made ideas first of

all it is important to note that allah is the same word that arabic speaking christians and jews use for god if you pick up an arabic bible you will see the word allah being used where god is used in english this is because allah is a word in the arabic language equivalent to the english word god with a capital g additionally the word allah cannot be made plural a fact which goes hand in hand with the islamic concept of god it is interesting to note that the aramaic word el which is the word for god in the language that jesus spoke is certainly more similar in sound to the word allah than the english word god this also holds true for the various hebrew words for god which are el and elah and the plural or glorified form elohim the reason for these similarities is that aramaic

oder als motto des reinen monotheismus gilt dies ist kapitel 112 in dem es heit im namen allahs des barmherzigen des barmherzigen sprich o muhammad er ist allah der eine gott der selbstgengsame der nicht gezeugt hat und nicht gezeugt worden ist und ihm gleich der edle koran

because of the dialogue between muslims and churches necessitating the condition that christianity and islam would be of equal value which they are not i decided to write this book jesus christ commanded and commissioned his body the church to make disciples of all nations not to enter into a dialogue with them muslims only seek a so called dialogue to gain territory they do not respect nor consider christianity equal to islam on the contrary and full well do they know that doing so would be in violation of islam the churches and so called christians who enter into a dialogue with muslims do not seek to gain anything from the muslims except a cease fire by participating into a dialogue with muslims they have denied christ
